

aquamarine

AQ10-DST-HC

FEATURES

- Optimised for transfer printing
- High density colour leads to reduced ink consumption per litre
- For coated and uncoated transfer paper
- Faster print speeds for increased productivity
- Excellent print reliability and superior colour gamut
- Fast drying for high speed printing
- Supported by NUtec Digital's Ink Delivery System Warranty

OVERVIEW

The Aquamarine AQ10-DST-HC is a high density dye sublimation ink, designed for coated and uncoated transfer paper.

Productivity is improved through high speed printing delivering vibrant images with lower ink consumption.
